## GOVERNMENT SQUARE

To Be Improved and Beautified—  
Bids Invited For Work

Uncle Sam is one of the biggest landlords in the country and while he demands of his tenants that they shall comply with strict and rigid regulations in regard to the occupancy and maintenance of his property, as he is a great believer in keeping things up to a high state of perfection, he is never niggardly in matters pertaining to the improvement of his holdings.

Postmaster Matthews has received instructions from Washington to proceed with certain improvements, which, when completed, will make Government Square decidedly the prettiest spot in the city.

The program embraces the removal of two trees in front of the building; a granolithic pavement will replace the brick walk in Third street, and continue the entire length of the building on the West side; a vitrified brick driveway will encircle the Postoffice Building, and grassy spots here and there will give color and add much to the surroundings; a six-footypress fence extending the full length of the lot will inclose the rear of the grounds.

With the new street recently opened from Third to Second graded and macadamized, everything will be in perfect accord and as it should be.

Promised By the Sheriff and Growers in Fayette County—Plan to Defy Raiders With 1908 Crop

Notwithstanding the ukase of the Society of Equity that no tobacco crop shall be raised in the Hurley district in 1908, and threats from various sources that violence will follow any attempt by independents to grow the weed, many in Fayette county who are not allied with the Society are preparing to put out tobacco beds. ## HON. S. B. HERMAN IS WELL AGAIN

Noted Oregon Statesman Restored to Health on Recent Eastern Trip.

Hon. Shiller B. Herman, distinguished statesman and legislator of Portland, Oregon, who was recently on an eastern trip, is among those strongly in favor of L. T. Cooper, in the discussion over Cooper and his medicines, which has raged for the past year in cities visited by the young man on his educative campaigns, as he calls them. Cooper was explaining his new theories and medicines to Boston people during the Oregonian's visit to that city, and in a recent interview Mr. Herman said: "My trip east accomplished more for me than I ever believed possible. It has actually been the means of restoring my health. While in Boston I heard a great deal about this man Cooper and his medicines, and one morning I talked with a Boston banker who told me that he had been relieved by Cooper's medicines after ten years' chronic dyspepsia. For the past twenty years I have been a fearful sufferer from nervous dyspepsia. It has been so bad that it all but forced me to resign from the legislature."

"I was feeling wretchedly that morning, and I made up my mind to try the medicine. I had seen leading physicians without number both East and West. They had been unable to help me in the least, and I no more believed this Cooper medicine could help me than it could bring a dead man back to life. I really don't know why I bought it. It was like a drowning man clutching at a straw. "To make a long story short, it has been astonishingly successful in my case. Today I am enjoying a sound stomach and perfect health for the first time in twenty years. I can eat heartily without the slightest inconvenience afterward. I have a fine appetite, and sleep well. I am no longer moody and depressed, and my nervousness has entirely disappeared. "Any man who has chronic dyspepsia owes it to his family to try this medicine." In all our experience as druggists, we have never seen anything to surpass the famous Coe's preparations. T. J. Chenoweth.

THE WASHINGTON THEATER

NOT YET, BUT SOON

Contented Tobacco Grower  
Has His Say.

The Public Ledger: Since there has been so much said in favor of the American Society of Equality, I would like to say a few words on the subject. The Society itself is all right and the people need the price they ask for their tobacco, but as it has made outlaws of citizens that were at one time peaceable Christians, as they called themselves, I say, dump your tobacco on the market and let us have peace.

I do not think it right for men to be so greedy for money that they will destroy the property of others and threaten to take the lives of honest people in order to get what some people, who never raised a plant of tobacco in their lives, told them they could gain by the movement.

Why did the Equity men not find out sooner that they were being robbed by the Trust? Why did they wait for some one, who failed to get an office that would pay him, to come and tell them? They did not tell you for your good, but for their own good. They are getting more money out of this than you can ever get in order to pay certain men large salaries and you are robbing your own wives and little children of the comforts of life.

You just stop payment of salaries and you will soon find how much they care for you and your welfare.

They will tell you to cut out the 1908 crop and raise potatoes, corn and cabbage.

Haven't we always raised these things?

How many have ever failed to raise vegetables, while raising tobacco?

Tobacco will bring the poor man money, and more of it, than any of these other crops.

The Editor will not take corn for his paper; the Preacher does not want to be paid with cabbage, and potatoes will never pay your doctor bills.

for hills.

When you sold your tobacco to the American Tobacco Company we had peace, men were at home with their families, little boys were not compelled to go out as night riders, and innocent women and children were not in danger of their lives.

Will money ever bring back to us the peace and contentment it has destroyed?

Will it ever restore the confidence we once had in some of our neighbors and fellowmen?

No, we cannot have much confidence in men who on Sunday morning take their Bibles and go to Sunday-school and Church, and some as scholars, some as teachers, and some as Superintendents, and then when Sunday is past they put on their masks, shoulder their guns, take their coils and matches and start out to destroy the lives and property of their fellowmen.

Can they keep the Commandment, "Love thy neighbor as thyself" and then do these things?

I would rather live in poverty all my life than do these things. I would rather have 3 cents per pound for tobacco and know that I had never destroyed what belonged to another, than have the blood of some poor mother's boy upon my hands that had never caused trouble between neighbors, and that I had not helped to cause the young people in the land to lose faith in the Church and its members.

I would rather take 3 cents for tobacco and have a clear conscience than to do the things that some of these men are doing to obtain 15 cents a pound for their tobacco.

for instant departure. Definite orders were promised some time Wednesday.

Immediately upon receipt of the message, Acting Captain Bruce and Lieutenant George Simonite called the men together and preparations were begun for making the trip. Fifty-five men comprise the Company, and Captain Bruce stated Wednesday that all were expected to be in line when the start is made. "We have been ordered to hold ourselves in readiness for departure at any moment," he said.

BEAUTIFY THE TOWN

Improve Market Street Esplanade and Help Looks of City

Once upon a time Market Street Esplanade was a real beauty spot and a source of pride to all with an eye for the beautiful and picturesque.

It was both ornamental and useful. But slack-a-day, how it has passed into innocuous desuetude, as the late lamented S. J. T. expressed it. The erstwhile stately maple trees whose umbrageous foliage was an oasis in a city desert, have withered and died and disappeared, with the exception of one solitary sentinel which stands seemingly as a rebuke to man's inhumanity to all things earthly and otherwise.

And the fountain, surmounted as it is by the Goddess of Liberty enlightening the world with a tallow-dip! Who is it as they pass by but cast pitying glances at the forlorn, sad and dirty face Goddess with her bedraggled and unkempt skirts?

Spring is here and why not start anew by setting out trees to replace the old ones and painting and fixing up the fountain? The beautifying of the place will afford pleasure to the children, and grown folks, too, that will more than compensate for the outlay it will cost.

Money For Care of New State House

FRANKFORT, Ky., March 11th.—House Bill 114, providing that attendants with live stock in shipment may go free of charge, but that the railroad company would not be responsible for injuries through accident to such attendants was passed today.

The Senate defeated the bill repealing the law which prohibits Kentucky dealers from shipping liquor into local option districts in this State by 4 yeas to 26 nays.

The following bills passed the Senate: Bill providing for two more Assistant Mine Inspectors; appropriating \$16,000 a year to maintain new State House; bill legalizing taking depositions in shorthand, and bill to pay all jurors summoned until they are excused.

The Harris Child Labor bill was reported for passage.

It fixes the hours of which children under 16 years of age may work, and provides penalties for the violation of the law by employers. The labor organization of the State and various women's clubs have indorsed the bill. It was passed by a vote of 91 to 0.

JACKSON, Ky., March 11th.—At 10 o'clock this morning, upon affidavits filed by the defense, the case against Beach Hargis was continued and set for the seventh day of the next term of Court, which is in June.

### WHITE POWDER

In Threatening Letters Sent By "Tenants" to Montgomery County Farmers

Sharpsburg, Ky., March 11.—Waller Sharp, Ben T. Wright, Omar and Will J. Ratliff, all prominent farmers and tobacco growers of this neighborhood, have received the following notes:

"Dear Sir: This is to notify you unless you permit us to raise a crop of tobacco in 1908, you shall not raise any cattle. TENANTS."

"Dear Sir: This is to notify you that, if there is any tobacco beds or tobacco destroyed in Montgomery or Bath counties in 1908, look out for your own property. TENANTS."

These notes were typewritten and mailed at Mt. Sterling. Inclosed with each note was a small envelope with a white powder, supposed to be strychnine or arsenic. These notes were not prepared by tenants, it is believed. They were well written and punctuated and the tenants do not possess typewriters.

The men to whom the notes were sent are among the most prominent Equity men in the county.

### NOT CRIME

To Get Drunk and Carry a Pistol on Own Premises, Says Judge

LEXINGTON, Ky., March 11.—According to the ruling of Judge Riley here today, a man may get as drunk as he pleases and carry a revolver concealed as much as he pleases so long as he remains on his own threshold. William Hitch, it is alleged, was found intoxicated in his front yard and Officer Langston, who took a revolver from his pocket, swore out a warrant against him. Judge Riley dismissed the case, saying that no offense had been committed.

### THE PERFECT WAY.

Scores of Maysville Citizens Have Learned It.

If you suffer from backache, There is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

James Wells, living on Front street, Vanceburg, Ky., says:

"About one month before I began using Doan's Kidney Pills my back began to ache and pain and caused me a great deal of annoyance. I knew that if the trouble was not eradicated it might prove fatal. Often when I came home at night and went to bed the trouble was so severe that I had to continually change my position, and during the day I had to pass the secretions every little while. A friend advised me to try Doan's Kidney Pills. I procured them and the use of one box entirely cured me. I have had no symptom of kidney trouble since and give the credit to Doan's Kidney Pills."

Plenty more proof like this from Maysville people. Call at J. Jas. Wood & Son's Drugstore and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
